

Attending and participating in our activities – autumn 2020

This guideline lays out the safety measures we will be implementing for September to keep our staff, tutors, and customers safe as we re-open our building and re-start our activities and classes.

We have been working hard to bring as many of our classes and activities back for you whilst ensuring we have implemented the recommended social distancing and safety measures.

With the current required safety measures, the size and design of our building, and the vast number of projects and classes we run it will not be possible for us to restart all classes in September.

We will be opening our building and our activities on a gradual basis. This is to ensure the safety of all our staff and customers.

Although your favourite Swindon Dance class may not be back in September, it does not mean it will not be back, it may just be a little later in the year. We hope to have all our in-house classes back by January 2021 and our theatre by April 2021.

Our ground floor studio and facilities will be reserved for the professional artists on our Professional Artists Programme and to live stream any online classes.

During July and August our building will remain closed with staff working from home.

If you have any questions regarding classes in the autumn please email our reception on info@swindondance.org.uk

We will be reviewing government guidelines and our plans and information on a weekly basis. Updates and any changes will be uploaded to our website <https://www.swindondance.org.uk/>

Take care, keep safe, and let's get dancing once more.

Arranging to attend a class/activity

All classes/activities will be via a pre-booking system.

Booking and payment will be via the website <https://www.swindondance.org.uk/> accept for students on the Pre-vocational Training Programme, Diploma in Dance Pedagogy and the Centre for Advanced Training.

Our reception will be closed during this time (July and August).

Reception can be contacted via email info@swindondance.org.uk

From September you will be able to contact reception via telephone 01793 601700 as well as email.

Please note there will be no 'drop-in classes.'

Entrance and exit

Entrance will be via the front door.

The front door will remain closed and will be manned by a member of staff when classes are scheduled.

Entry will be from 10-minutes prior to the start of class. There will be no access to the building before this.

Only those who have registered for the class will be admitted into the building.

There will be no access to reception for general enquiries or bookings.

There will not be a signing in system in reception for class attenders – staff on the door will have a record of those registered for the class.

There will be no waiting area inside the building.

Only parents/carers of people with special needs will be able to enter the building.

Parents dropping off young children will be required to drop them at the front door where staff will look after them and collect from exit door at library side of building.

Hand sanitiser and cleaning wipes will be available around the building for everyone's' use along with signage to help.

Staff will be on hand to help, and look after you

We will be operating a one-way system which will be clearly marked in the building. On the stairs this will be up on the right-hand side and down on the left-hand side.

Exiting the building will be via the side door in reception (library side). As you arrive at the bottom of the stairs – turn right towards the ground floor studio, the exit door is at the end of the corridor. It will be clearly marked, and staff will be on hand to help.

Enter by front door

Exit by side door

Studio and class safety

Class start and end times will be staggered to reduce contact on landing, stairs and in reception.

Windows in studios will be open (weather permitting) to aid ventilation and droplet disbursement.

Internal studio doors will be closed during class to prevent droplet disbursement into corridors.

Extra time will be left between classes to allow us to ventilate and clean the studios and other public areas.

There will be a maximum of ten people in a class plus tutor and musician where the class has live music.

Once in the building you will need to go directly to the specified studio.

We will only be using the dance studio and theatre on the first floor.

The landing area will no longer be a waiting/socialising area and will be cleared of all tables and chairs.

You will not be able to cross over between studio spaces.

You will need to bring your own water/drink with you as the water fountain will not be operating. Any water bottles left behind will be disposed of.

We will require attenders to come dressed ready for class as changing rooms will only be open to people with special needs/requirements who have expressed a need at the time of booking.

You will need to bring outdoor clothing, bags and outdoor footwear with you into the studio. We ask that you bring a bag with you to store your outdoor shoes in.

Each studio floor will have clearly marked individual dance spaces for participants, a tutor and musician area and areas around the perimeter to store outdoor clothing and footwear.

Each space will also have a computer set up for participants that will be joining the class via an online zoom link.

Classes will not be recorded.

Classes will be adapted by the tutor to ensure safety measures and social distancing are maintained. Initially this will mean that there will be no floor work or traveling across the studio space.

There will be no use of equipment in classes for example no ballet barres or yoga mats.

If attending a Yoga class, you will be required to bring your own yoga mat and any other equipment such as bolsters, straps, and blanket.

**Studio floors
will have
clearly marked
dance spaces
for participants**

For safety measures there will be no bare feet in any classes. You will need to ensure you have the appropriate dance footwear for your class, for example jazz, ballet, tap shoes or trainers. For contemporary socks should be worn. If you are unsure of what to wear or do not have the dance shoes, please contact reception who will be able to help you with an alternative to wear. You will not be able to wear your outdoor shoes in class.

We will not be prescribing the wearing of masks in class as this may lead to raised anxiety levels, and other medical concerns plus the need to replace masks once they become moist. Alternatively, we will not prevent anyone wishing to wear a mask from doing so.

Toilet facilities

Each studio will have an allocated toilet facility.

Theatre will use the backstage facilities attached to the theatre. There are two toilet facilities and there will be a maximum of one person at a time in each.

Dance studio will use the facilities opposite the studio. Female facilities will be a maximum of two people at a time and males one person at a time.

PVTP and CAT students will also have the use of the basement facilities. Course Coordinators will go through these at induction.

Ground floor assessable facilities will be reserved for people with physical and/or learning disabilities or people with other special requirements who have requested use of these facilities at the time of booking.

Tutors and musicians

Tutors and musicians should read the whole of this document to ensure they are aware of the social distancing and safety measures being implemented.

Tutors and musicians requiring entry earlier than 10-minutes before the start of class to prepare/set up should use the intercom to gain entrance to the building and use hand sanitiser on entering reception.

Tutors and musicians will need to go to reception where they will be signed in.

Each studio has an allocated area for the tutor and musician. We ask that both tutor and musician remain within these areas.

Where possible tutors should use the blue tooth facility on music centres.

As there is a correlation between COVID-19 and aerial droplets we need to reduce droplet spread by keeping intensive exercise (the equivalent of cycling/running) and rises in humidity in class to a minimum (this does not relate to room temperature).

We do not prescribe the wearing of masks for tutors, musicians or participants but do ask that tutors adapt their teaching practise, so they are not talking loudly or shouting above the music to reduce the aerial spread of droplets.

For musicians singing and use of wind instruments are not permitted due to aerial spread.

There will be no floor work, traveling or use of props, toys or equipment in class.

Yoga class participants will be asked to bring their own yoga mats and other equipment such as bolster, straps and blanket.

There will be no ballet barre section in ballet classes.

Tutors should ensure everyone participating in their class is wearing appropriate footwear or socks. There should not be anyone in bare feet.

We require all tutors to ensure their class is following the required social distancing measures.

Areas for participants will be marked out on the studio floors. Tutors will be required to adapt their classes to enable participants to remain in marked areas and to be mindful of and include those who will be joining online via zoom link.

A laptop will be set up in each studio with a technical 'host' to oversee the zoom participants entering the class. They will go through how to use the system to communicate with the online participants on the first week with each tutor.

Each studio will have a piano and set of drums allocated to it. These are to remain in the allocated studios and tutors and musicians are responsible for ensuring no one uses these apart from the musician.

Musicians are welcome to bring their own instruments. If wishing to so they will be responsible for them and for ensuring they take measures to clean them. No one will be permitted to touch a musician's equipment and it will be their responsibility to ensure this is followed.

Hand sanitiser and cleaning wipes will be provided. Studios and public areas will be cleaned after use.

If you feel ill

If you feel unwell during a class, please notify a member of staff straight away. They will advise you of what to do.

If you or a member of your household has been unwell or has symptoms of COVID-19 before attending a class, do not attend. We recommend you follow the latest government advice and use the NHS Track and Trace facility.

If you feel unwell after you have attended a class at Swindon Dance please contact reception via telephone 01793 601700 or email info@swindondance.org.uk giving your full name (or child's name if a parent/carer making the call), the class/activity and date attended, then follow government guidelines and the NHS Track and Trace. We require this information to assist us to track and trace others who may have had contact with you within your class group, staff and ensure extra cleaning and our safety measures are reviewed.

Accidents and first aid

If you have an accident or require first aid whilst at Swindon Dance, first aid requirements will take precedence over social distancing. We will follow our company's accident and first aid procedures and ensure other people are distanced from those involved.

Lost property

Lost property will be stored individually in either a plastic or paper bag and held in reception. If you leave something behind you will need to contact reception via telephone 01793 601700 or email info@swindondance.org.uk to arrange collection.

If you remember you have left something behind as you are exiting the building you will need to let a member of staff know and they will arrange for you to retrieve your property whilst remaining safe.

Water bottles left behind will be disposed of.

Notice

These measures are being put into place to ensure the safety of our staff and customers. Anyone that the team feels is not following the required social distancing and safety measures and therefore putting others at risk will be asked to leave and will not be permitted to return whilst these measures are in place.

Thank you for your continued support as we work to return to a place where we can offer our full range of activities. We hope that will be soon.
